Fishcake Web3 EventFi-
Make Token Values Real

Fishcake is an innovative Web3 platform designed to revolutionize tokenized marketing by leveraging the power of blockchain technology. By enabling everyone to launch and manage incentive-based campaigns directly through smart contracts deployed on blockchain.

As a fully open-sourced and audited Web3 project deployed on the Polygon blockchain, Fishcake eliminates the need for intermediaries, ensuring transparency, fostering community engagement, and building a sustainable economic ecosystem.

What is Fishcake?

Fishcake empowers businesses to run tokenized campaigns on the blockchain without intermediaries, connecting them directly with customers through our user-friendly Web3 App and dApp.

All rewarding events published on Fishcake are seamlessly synced with the blockchain and managed through smart contracts. This ensures the credibility and transparency of every tokenized campaign, fostering trust within the community.

Claiming and verifying each reward is as simple as scanning a QR code. This user-friendly approach makes participation effortless for customers while ensuring that all transactions are securely recorded on the Polygon blockchain. This integration not only enhances security but also creates a unified loyalty management ecosystem for all users.

Fishcake's blockchain-based system ensures that every interaction, from campaign creation to reward redemption, is transparent and verifiable, providing a robust foundation for building long-lasting relationships between businesses and their customers.

What's more, Fishcake's innovative Tokenomics model offers several key advantages: it guarantees a minimum token value through the Redemption Pool, shares platform success with FCC holders via dividends, incentivizes engagement through POW Mining Pool rewards, empowers users with governance rights, and ensures a sustainable and equitable economic model.

These features collectively create a sustainable and rewarding ecosystem, empowering both businesses and customers to flourish in the decentralized Web3 economy.

s

Who is Fishcake for?

- Businesses or event organizers: Launch and run engaging campaigns with tokenized rewards managed by smart-contracts, track performance, and gain valuable customer insights.
- Customers: Discover local deals, participate in campaigns, earn tokens rewards for their engagement, and seamlessly claim rewards by a scan.

Why Choose Fishcake?

- No platform fees: Say goodbye to hefty middleman commissions, allowing businesses to retain their entire campaign budget.

- Enhanced engagement: Create interactive tokenized (USDT or FCC based) campaigns that spark direct conversation and build valuable relationships. Support both stable coin USDT and our native token FCC based campaign.

- Rewarding experiences: Give back to your customers with instantly claimable rewards that drive engagement, plus mine FCC for campaign runner rewards.

- Fishcake Coin (FCC): Unified web3 reward token ensuring stability and prosperity with guaranteed growth value through the Redemption Pool and potential platform revenue sharing.

- Unbreakable trust: Secure and transparent transactions on the blockchain build trust with your customers.

- Future-proof technology: Embrace the potential of Web3 and prepare your business for the decentralized future. Positioning your business ahead of the curve.

Getting Started with Fishcake:

- *Unleash Web3 Marketing- Made easy for campaign runners:*

1. Connect Web3: Ditch the middlemen and unlock the power of non-intermediary Web3 marketing. Simply "connect" your wallet on our App or dApp.

2. Craft Your Campaign: Switch to "Merchant Edition" on Fishcake, add a unique campaign event, complete with engaging goals, rewarding incentives, and strategic engagement tactics.

3. Take it On-Chain: Your fully tokenized campaign will be securely uploaded to our robust eventManager smart-contract, the on-chain event controller that guarantees rewarding transparency and credits for all.

4. Cast Your Net Wide: Seamlessly broadcast your campaign on the Fishcake "Treasure Map," effortlessly reaching your target audience. Share it directly or leverage Fishcake's community for even wider reach.

5. Manage and track: Operate and monitor the progress of your campaign, track reward distribution, and engage directly with your audience, all within the intuitive Fishcake dashboard. Enjoy 100% transparency and a direct line of engagement with your customers.

- ***Hunt and Earn on Fishcake-for all web3 users:***

1. Explore the Bounty: Dive into a diverse sea of campaigns within the Fishcake app/ dApp. Find hidden treasures in local businesses offering exciting deals and unique rewards.

2. Nail Your Rewards: Pick your perfect campaign and carefully review the campaign goals. Ensure the eligibility to claim your coveted rewards!

3. Set Sail for Rewards: Embark on your adventure! Participate in the chosen event and fulfill the specified campaign goals. Each action brings you closer to your reward.

4. Claim Your Bounty with a Scan: Share or present your Fishcake reward claiming QR code to the campaign runner. Let them verify your completion and unlock your treasure.

5. Transparent & Secure Rewards: Rest assured, your reward distribution is managed by a meticulously audited smart contract, acting as the on-chain event controller. Transparency and security go hand-in-hand on Fishcake.

6. Track Your Treasure: Your earned reward will seamlessly synchronize with your wallet and Fishcake, blockchain scanner also offering clear and timeless tracking.

Fishcake Vision:

Our vision is to become the beating heart of Web3 marketing, empowering businesses to flourish in the decentralized economy. Gone are the days of middlemen and opaque campaigns. With Fishcake, value flows directly, enriching both businesses and customers in a thriving ecosystem.

Fishcake Coin (FCC): The Lifeblood of Rewards:

Forget juggling plastic loyalty cards and chasing forgotten points. FCC is your unified reward token, the key to effortless engagement and seamless benefits with your favorite local shops and events. It's the blood pumping through the Fishcake system, powering a revolution in local rewards.

Stability and Prosperity for All:

Fishcake's innovative Tokenomics guarantees a secure foundation for your rewards. Not only does our unique model ensure a minimum floor price for FCC, but you also become a direct shareholder in Fishcake's success. Every FCC you hold unlocks a share of platform revenue, meaning your investment grows alongside the ecosystem.

A Win-Win for Everyone:

- Businesses/Event organizers: Connect directly with your target audience, build genuine relationships, and slash marketing costs. We empower you to thrive in the Web3 arena, attracting tech-savvy customers and fostering lasting loyalty.

- Customers: Earn instant token rewards for every interaction with your favorite businesses or events. Manage your rewards effortlessly in one place, leaving lost points and forgotten cards in the past.

Beyond the Horizon: Our Commitment to Continuous Innovation:

- Expanding campaign features and functionalities: We're constantly evolving, developing new ways to connect businesses and customers in exciting and rewarding ways.

- Pioneering innovative tokenization and rewards mechanisms: Our commitment to pushing the boundaries of Web3 is unwavering. Expect game-changing reward structures and creative token utility.

- Building a robust and secure blockchain infrastructure: Trust is paramount. We're dedicated to building a rock-solid foundation for the Fishcake ecosystem.

- Completing the Fishcake ecosystem: From Social-Fi to game-Fi, we're expanding the ways you can engage and earn within the Fishcake universe.

- Nurturing the value of Fishcake Coin: A healthy and sustainable token economy is our constant focus. We're committed to maintaining FCC's long-term value for all stakeholders.
